Critical Distinction

Massage vs. Body Works

- Massage therapist
 - MGL c. 140 Sec. 51, 6/27/06
 - Exclusive regulation of Massage Therapists is now under Bd. of Registration
 - PREEMPTED BOH regulation
 - "Local Boards of Health may regulate ***other fields not licensed as massage therapy.***"

BOARD OF HEALTH ROLE

- Enact Regulations to make it harder
- Considerations:
 - Who's the victim/who's the criminal
 - Immigration Stance for Municipality
 - Sanctuary?
 - What services are available to the women?
 - Cooperation with local law enforcement
 - Criminal Act has different Constitutional protections for perpetrators of crimes

Authority of BOH – Nuisance

- G.L. ch. 111, §122:
 - "[t]he board of health shall examine into all nuisances, sources of filth and causes of sickness within its town . . . which may, in its opinion, be injurious to public health, shall destroy, remove or prevent the same as the case may require . . ."

Authority of BOH – Noisome Trade

- G.L. ch. 111, §143:

- "[n]o trade or employment which may **result in a nuisance** or be harmful to the inhabitants, injurious to their estates, **dangerous to the public health**, or may be attended by noisome and injurious odors shall be established in a city or town except in such a location as may be assigned by the board of health ... and such board of health may prohibit the exercise thereof within the limits of the city or town ... in any event"
